ACHIEVE STYLE AND
SOPHISTICATION

Children's Bedrooms & Playrooms

When your little bundle has grown into a teen and has gathered even more clothes, shoes, toys, books, CDs, DVDs, accessories, handbags & game consoles than you ever thought possible...don't despair! Our professional designers will maximise even the smallest storage area to ensure that there's a place for everything. We have many different, fun but functional ideas.

We are often asked.. are sliding mirror doors safe with children in the house? All of our sliding mirror doors have a shatter-resistant construction where a reinforcement sheet is bonded to the mirror preventing chipping and increasing their strength. You can be confident that your children and family are safe.

BLACK GLASS & MIRROR WITH MATT SILVER SURROUNDS

Together, glass and mirrors can create an air of elegance and sophistication and rooms can be transformed from dull and dreary to bright & beautiful.

MAGICALLY MAKE
YOUR SPACE FEEL
